Must be a student at Papanui H.S. unless player numbers require a dispensation.

Must have a signed permission slip to attend this event – permission slips need to be back quickly.

There may be some cost for this – please check with the school

Selection Criteria:

This pre-tournament is typically a 2nd XI standard of play with the odd 1st XI player. Players must be capable of playing up at that level of play. (this is a player safety requirement).

The best team possible will be selected, however where there are players that are at the same level, preference would given the player in the higher year, as the younger player will have another opportunity the following year.
